DECISION ON RENEWED  
PETITION UNDER 37 C.F.R. §1.47(a)

This is in response to the renewed petition under 37 C.F.R. §1.47(a)<sup>1</sup>, filed December 6, 2002.

On December 4, 2001, the application was deposited, identifying Gregory J. Wilson, John M. Penderson, and Steve L. Eudy as joint inventors. The application was deposited without an executed oath or declaration. On December 26, 2001, a "Notice to File Missing Parts of Nonprovisional Application – Filing Date Granted" (Notice) was mailed, indicating that an executed oath or declaration, a surcharge of \$130.00, and substitute drawings were required. This Notice set a two-month period for reply.

<sup>1</sup> A grantable petition under 37 C.F.R. §1.47(a) requires:

- (1) the petition fee of \$130;
- (2) a surcharge of either \$65 or \$130 if the petition is not filed at the time of filing the application;
- (3) a statement of the last known address of the non-signing inventors;
- (4) proof that a copy of the entire application (specification, claims, drawings, and the oath or declaration) was sent or given to the non-signing inventor for review;
- (5) proof that the non-signing inventor refuses to sign the oath or declaration after having been presented with the application papers if the inventor refuses to sign, or proof that diligent efforts have been made to locate the non-signing inventor if he or she cannot be found, and;
- (6) a declaration which complies with 37 CFR §1.63.

The original petition was filed on July 26, 2001, and was dismissed via a decision mailed on September 3, 2002, for failure to submit an acceptable oath or declaration.

With the Renewed petition, the petitioner has included a supplemental declaration which corrects the previously mentioned deficiency with the declaration, as well as a two-month extension of time to make timely this reply. It is noted that the address for inventor Eudy which appears on the declaration differs from that which was submitted on original petition.

As such, the above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(a), this Office will forward notice of this application's filing to the non-signing inventors at the addresses given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the application will be forwarded to Technology Center 1700 for further processing.

Telephone inquiries regarding this decision should be directed to Petitions Attorney Paul Shanoski at (703) 305-0011.
